

## Key Features:

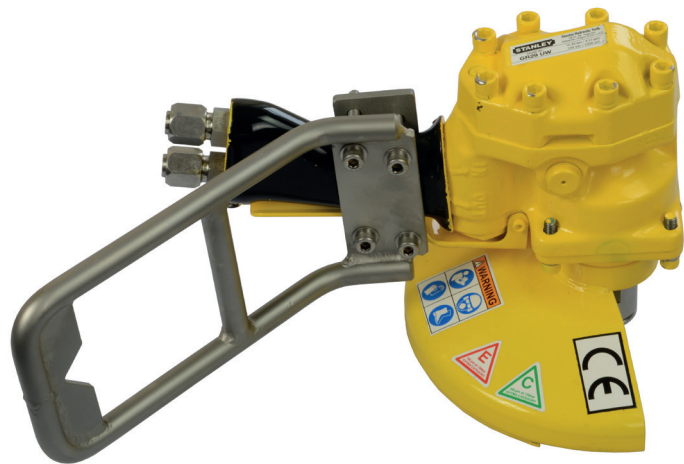

- Supplied with manipulator handle
- Requires low maintenance
- Ready for installation to ROV
- Supplied with J2 Subsea tooling block

## Stanley GR29

### Cutters and Grinders

**The GR29 is a rotary Grinder/Cutter/Buffer capable of using discs up to 9" Diameter.**

The system is supplied with a tooling control block and hoses for connection to the ROV. The unit is also supplied with an adaptor plate that will allow the fitting of 6", 8" & 12" hard nylon brushes for hub cleaning and marine growth removal.
